Liberty for the Kids provided this list of Representatives who voted to block School Choice from being an item in the budget.

If there's one thing we know about **our opposition**, it's that they are highly **energized, organized and relentless**. That includes **WOKE teachers unions**, radical liberal bureaucrats and other special interest opponents of school choice.

These big-money, leftwing groups are driving countless calls and letters into the Texas Capitol right now during session. All for what? The answer is clear -- to indoctrinate kids, teach them to hate America, and ultimately take away our freedom.

We have to FIGHT BACK. The time for action is NOW.

The Texas Senate passed a school choice bill that will enable school kids across Texas to escape the woke agenda being crammed down their throats. The Texas House, on the other hand, passed a budget amendment by special interests to block parental choice. But this will not stand and the vote was actually closer than expected – a testament to your efforts!

BOTTOM LINE: 24 Republicans joined Democrats in voting for the budget amendment. That's the **bad news**.

The **good news** is they have a chance to redeem themselves and stand with

their constituents who overwhelmingly supported school choice in last year's Proposition 9 vote, which stated:

“Texas parents and guardians should have the right to select schools, whether public or private, for their children, and the funding should follow the student.”

It's critically important that these State Representatives vote YES for school choice in the Texas House. After all, their voters by super majorities have told them that they want school choice in Texas.

Here's the list of House Republicans who voted the WRONG way on the budget amendment:
